IC CLASSIC

For over a decade, Schwinn has set the standard as the cycle studio workhorse. Now, two decades after building the first production bike for indoor cycling, we are proud to introduce the IC Classic. A bike that combines the proven, traditional drive train of the IC Pro 20 with updated features of the rock solid Studio 3. The sturdy steel frame, heavy perimeter weighted flywheel, traditional chain drive, and direct pressure brake give this bike the strength to keep it moving ride after ride.

TRAINING & PROGRAMMING

Schwinn® has come a long way since building the first cycling bike. Today, in addition to manufacturing premium cycling equipment, we are a global organization of passionate Schwinn Master Trainers who educate thousands of instructors around the world every year. The bikes in your cycling room are only as good as the instructors who teach on them, that's why we are committed to developing cutting-edge programming and providing tools that can help any instructor elevate their class experience.

Be sure to ask us about our new Schwinn online certification program.

BUILD ON GREATNESS

At **Core Health & Fitness** we aim to provide our partners a foundation backed by the strongest brands in the industry. Four iconic brands that pioneered entire categories, and whose machines are still the ones **members ask for by name**. Today, we're committed building on that legacy by providing the best products and programs in every category – and that's greatness you can feel good about building on.
